This is really the quintessential Carmel Cottage. Rose de Mer is an adorable English cottage well maintained with some updating within the last 7-10 years. High ceilings and a lovely south facing deck off the living room make it bright and cheery. You will find 2 bedrooms and 1 bath on main floor and 1 bedroom and 1 bathroom on lower level with separate entrance for guests. Wonderful wine cellar and what seller calls a "hidey-hole (small space off garage with cement floors, book shelves and a heating stove) are not counted in the square footage. Decent view of the ocean from the dining area and paved Carmel stone walkways around the house complete the package. This is just a sweet home.
